WHO WILL BE SENATOR?

There are now nine avowed candidates for Senator, viz.: Carlisle, Kaott, Lindsay, Buckner, McCreary, Winchester, Reeves, Moore and—unless his courage has failed at the sticking point—McKenzie. Of these Carlisle, Kaott and McKenzie are about the only ones who are capable of taking Beck's place as a speaker. The rest have other than oratorical claims to recommend them and some of them would rattle in Beck's seat like a bean in a bladder.

Carlisle, of all men in the State, on the score of party service and intellectual strength, is entitled to the honor. The Senate is now in need of some sure-enough statesman and we doubt if there be a Democrat in Kentucky who would not be satisfied to see Carlisle chosen Senator. Of course other candidates have their friends, but every body admires Carlisle and we all know that drunk or sober he is the ablest man in America.

Next to him Gov. Knott or Mr. McKenzie come nearer filling the bill. On the idea that Carlisle cannot be spared from the House and on the further idea that the western end of the State should have the Senator, we favor the election of McKenzie first and Knott second, or either of them who could harmonize this section of the State.

The other formidable candidates in the race are McCreary, Backner and Lindsay in the order named. The latest figures we have seen give Carlisle from 27 to 33 votes on the first ballot, with the others pretty well bunched with from 10 to 15 votes each. It will be Carlisle against the field and the weaker candidates will combine to prevent the adoption of a rule to drop the hindmost man. The balloting promises to be long drawn out, but the general opinion about Frankfort is that Carlisle will ultimately win. He has the best managers and that counts for much in such a race.

Mr. McKenzie reached Frankfort Saturday night and formally announced himself. He will start in with a good following and ought ultimately to get the complimentary votes that Reeves and Stone will receive on the first ballot. If Western Kentucky's 47 votes could be cast as a unit, her strength would be hard to overcome in the caucus. It takes 53 votes to nominate.

The Morgantown Sun, in discussing the criticism of Mr. Ellis by Editor Givens for introducing a bill to erect a public building at Henderson, has this to say:

"That Mr. Givens' stand upon this question is right to one can consistently and successfully deny, and unless Mr. Ellis explains his action in this matter satisfactorily, Givens' vote in this county 'will surprise the natives.'"

If this is all that can be said against Mr. Ellis, his opponent is indeed in desperate straits. As a matter of right and justice to the people, the government ought to construct a public building for a postoffice and other purposes in every town or city of 5,000 inhabitants. These buildings could in most instances be made self-sustaining from the rentals of offices in them and fewer postoffices would be found in unsuitable and badly located buildings. Money thus spent would be put to a better use than if squandered on bogus charity claims or in subsidizing manufacturing or steamship companies. Mr. Givens' alleged "issue" is the transparent argument of a very inexperienced young man, who, if he keeps it up, will be in danger of being mistaken for a demagogue.

The Globe-Democrat and a New York paper, also Republican, last week published a scandalous and malicious assault upon Mr. Carlisle, charging that he was beastly drunk at the Beck funeral and had to be taken in charge by his friends. The lie was promptly given to the publication and the correspondents of the above named papers, after making an investigation, were obliged to admit that their reports were not founded

on fact. They got out of it by claiming that their informants had imposed upon them. It is a well-known fact that Mr. Carlisle's weakness is in this direction, but nobody believed for a moment that he would so far forget himself as to get drunk on such an occasion. The lie was started at an opportune time to have its effect on his Senatorial aspirations, as the Republicans are deeply interested in keeping Mr. Carlisle out of the Senate. It did no harm.

Thursday's Courier-Journal pays our Congressman the following handsome compliment: "At to-night's session of the House for the discussion of the tariff question, Representative Ellis, of Kentucky, was one of the speakers. He is one of the most scholarly men in the House, and his speech was therefore a remarkably clear and intellectual one. He dealt with the subject in a masterly manner, and made a contribution to the tariff literature that will be read with interest, and appreciated highly wherever it is circulated. The tariff discussion was commenced early to-day, and Mr. Ellis was quite fortunate in being able to obtain recognition at such an early period in the consideration of the subject, especially when it is remembered that he is a new member. The limit of debate is short, and many of the members are anxious to be heard."

In the Democratic primary election in Louisville last week, the most unblushing frauds were committed by friends of the various candidates. None but registered voters were entitled to vote, but many floaters were run in and voted under the names of absent or deceased voters. This shows that even with a registration law frauds may be committed, unless the voter be required to produce his certificate of registration as provided by the Christian county law.

Night sessions are now being held every night to give as many Congressmen as possible a chance to speak on the McKinley bill. The measure will be passed and, iniquitous as it is, is likely to be the law of the country for some years at least. The next House, it is now conceded, will be largely Democratic, but the Republican Senate will obstruct all legislation looking to the relief of the tax-burdened people.

State Senator Dave Smith, of LaRue, is a physical light-weight, but mentally he weighs a ton. There isn't a sharper, brainier parliamentarian in the Legislature, nor a law-maker more devoted to the interests of his constituency. If Mr. Smith wants to be Lieutenant-Governor, Barren county is for him—but he should aim at something higher.—Glasgow Times.

Christian county's 11 votes should be given to Thos. G. Moore for Clerk of the Court of Appeals. He is the present clerk by appointment and his election means the retention of our own countyman, Sam M. Gaines, as chief deputy. Aside from this, Moore is from our end of the State and the time has come for "Pennyroyal" counties to stand together.

Another holocaust of the same character as the Montreal Asylum horror, but on a smaller scale, occurred at Norwich, N. Y., on the 8th. The Chenango county poor house burned at midnight and thirteen of the inmates were cremated in the ruins. The fire was started by one of the crazy paupers.

George H. Madden carried Henderson and Daviess counties in the primaries Saturday, to instruct for Clerk of the Court of Appeals. As Mr. Madden will get the eighty-eight votes of Jefferson county, he will be a potent factor in the race from the first ballot.

Nine families of South Carolina colored people, numbering seventy-two persons, have petitioned Congress to appropriate \$100 per head to deport them to Liberia. This is the beginning of an organized movement to promote such emigration.

Another evidence of the selfishness manifested by the Republicans in drawing the McKinley bill appears in the fact that there is a duty of three cents placed on cabbage heads. There are no cabbage heads under Democratic hats.

Mr. McKenzie made a blunder in not announcing himself a candidate for the Senate promptly at the start. It is much easier to get out of a race after one is in, than to get in after the entries are all made and the drama is ready to tap.

The Democratic nominees for Constitutional delegates in Louisville are Zack Phelps, Dr. M. K. Allen, Morris Sachs, Bennett H. Young, Ed McDermott, E. E. Kireen, J. T. Funk and Sam E. English from the county of Jefferson.

The railroads have decided to give the same rates as last year on Georgia watermelons. The crop is estimated at 10,000 car loads or 12,000,000 melons. There is nothing wrong this year with the darkeys' name for the "watermelon."

So many Chinamen are being smuggled into the country along the Mexican border that negotiations are to be opened with Mexico to devise means to keep them out. The exclusion act has so far proven a failure.

SOUTHERN BAPTISTS.

The Fort Worth Convention in Full Blast.

More than 1,000 delegates are attending the Southern Baptist Convention at Fort Worth, which met on the 9th. The delegates who went through Arkansas or by New Orleans were delayed a day by high waters. The people of Ft. Worth are treating the visitors with great hospitality, their houses being thrown open for their entertainment. The session will be concluded to-day or to-morrow.

THE FIRST DAY.

The following extracts are taken from the Ft. Worth Mail's account of the first day's business:

"The association was called to order at 10 a. m. by President Jonathan Harrison, of Selma, Alabama. Religious exercises were conducted by Rev. J. A. Kirtley, of Kentucky. The roll was then called, and the following States represented delegates present as below:

Alabama, 25; Arkansas, 21; West Arkansas and Indian Territory, 5; District of Columbia, 1; Florida, 5; Georgia, 112; Indian Territory, 1; Kentucky, 77; Louisiana, 37; Maryland, 5; Mississippi, 45; Missouri, 65; North Carolina, 35; Western North Carolina, 2; South Carolina, 61; Tennessee, 32; Texas, 122; Virginia, 34. The convention organized by electing Rev. Jonathan Harrison President; Rev. Lansing Burrows, of Augusta, Ga., and Rev. Oliver Fuller, of Baltimore, Secretaries, and Geo. W. Norton, of Louisville, Ky., Treasurer.

A resolution was offered, and was adopted by a standing vote, expressing the sympathy of the convention with the first Baptist church, in the affliction visited by divine providence which deprived the association of his wisdom and fellowship.

Mr. Bates in his address of welcome was warm in his proffer of hospitality, and hoped that the meeting would redound to the glory of the cause. One thing had sorely troubled the local committee, for the head of the great enterprise, the man upon whom the success of the convention was pinned, had decided to come to Fort Worth, had been prostrated by illness. He had worked and planned while others slept, and to him the city had looked to carry out the invitation to accept the hospitality. At the time when the names of guests were being called into his study, his illness overtook him and while he was not in danger, the local committee were at sore loss in being deprived of his executive ability.

"President Harrison called upon Rev. C. H. Nash, of Hopkinsville, Ky., to propose a resolution, which he did so in a most eloquent and forcible manner. The gentleman had received no previous notification, and was for a time quite non-plussed to know what to say; but after a moment he grasped a word that led him to a sure footing and he struck out in splendid style. He said that while riding on the cars, and looking upon the grandeur of the beautiful prairie he was filled with astonishment and admiration. When he looked upon Fort Worth and her bountiful hospitality he felt like the queen of Sheba when she looked upon the grandeur surrounding King Solomon, his breath was entirely taken away from him. He had been hearing of the grandeur of Fort Worth, and now he saw it with his own eyes, and was delighted beyond measure."

There is more catarrh in this section of the country than all other diseases put together and until the last few years it was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly upon the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

Big, brainy Bill Yost has no opposition for Superior Court Judge, but the district has no better timber in it than he.

From Rev. Dr. John W. Hanner, S. Clarksville, Tenn.: E. M. THOMAS-I wish to recommend your Vitalia as an excellent remedy for disordered stomach and torpid liver. One knows what he swallows in the capsules; that is much. And the ingredients of the pills, you say, make the best elixir known to the profession, and from long acquaintance I believe you. The action of this medicine in proper doses is gentle, painless and wholesome. During forty years of my life I took no medicine of my kind, but now need occasionally just such remedy as your Vitalia.

In view of the well-known fact that so many of the so-called fine whiskeys are but a vile compound of Essential Oils and common rectified spirits, producing mixtures totally unfit for consumption, we deem it proper to call the attention of consumers to the merits of J. W. Harper's Nelson County, Ky., Whiskey, which, absolutely pure, is made from fine selected grain and fully matured by age. Sole agents, Edmundson & Long, Hopkinsville, Ky.

In almost every neighborhood throughout the west there are one or more persons whose lives have been saved by Chamberlain's Colic, Cholera and Diarrhoea Remedy, by it. Such persons take especial pleasure in recommending the remedy to others. The praise that follows its introduction and use makes it very popular. 25 and 50 cent bottles for sale by Buckner Leavel.

LEGISLATIVE MATTERS.

Both Houses voted to extend the session indefinitely, on Saturday.

Local bills were put through both houses at a lively rate Saturday. Dr. Norman's anti-script bill came up in the Senate Saturday and after Mulligan had supported it in a speech it again dropped into the orders of the day. Its chance of passage is very remote.

The Legislature will take the first ballot in the Senatorial fight to-day, but all Democratic members have pledged themselves to prevent an election until the caucus nomination is made.

Some of the Grand Army boys may be interested in the following from Alex D. Pope, A. D. C., Commander, Dept. of Tenn. and Ga.: "We have had an epidemic of whooping cough here, (Stewart, Tenn.) and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough when this remedy is freely given. It completely controls the disease. 25 cent bottles for sale by Buckner Leavel.

Mr. McKenzie has been for two months trying to make up his mind whether or not to be a candidate for Congress. Since he has entered the contest for the Senate, it may be concluded that he will not run for a seat in the House. This being the case, the KENTUCKIAN may be set down for Ellis.

The other candidates for Clerk seem to have been knocked out by "The Madden crowd's" ignominious strike in Daviess and Henderson counties.

SOFT AS CHEWING-GUM.

The Victory of a Woman Who Understood Her Own Mind.

Now and then one finds a person who understands railroad human nature, as exhibited by the gatemen in the depots. Their orders are to pass no one in without a ticket, and it is the easiest thing in the world for them to wave back old age, youth, beauty and any body else who wants to pass in to meet a friend expected on that train. One of the earliest officials I ever saw has a gate in the L. & N. depot in Cincinnati, and I have seen some turn stuffy away from desperate men, weeping women and howling children. To every protestation he had but one answer:

"Can't pass 'bout a ticket." The other day while I was watching him a little blundered woman came gliding into the throng waiting at the gates. Of the two tenders she selected this one to operate on, although any one could have seen that the other had the largest heart. After several people had been turned away she slid forward in a graceful way and inquired:

"Beg pardon, sir, but am I speaking to the president of the road?" "No, ma'am," he stammered, thrown on his beam ends by the query. "Ah! you look so much like him. Are you his superintendent?" "No, ma'am—not exactly."

"Then you must be the manager?" "Hardly, ma'am."

"Dear me! how could the people be so mistaken," she went on. "Half a dozen of them said you were one of the high officials, and I am so disappointed to find you are not. Perhaps, though, you have the general manager's powers when he is not here?"

"What is it, ma'am?" "My sister will be in on the 6:30, and I so want to go inside the gates and help her with the children. As you must have the authority of the manager in his absence, I make bold to—"

"Certainly, ma'am; walk right in," he interrupted. "You are so kind." "Don't mention it."

"But all leading railroad men are ever courteous," she said as a parting bit of talk, and then she made a beeline down the depot.

CREAM OF NEWS.

More Tornadoes.

The city of Akron, Ohio, was struck by a terrific tornado at 5:30 Saturday evening and a wide swath cut through the city. Fully 100 buildings were demolished and many people injured, some of whom will die. At Burlington, Iowa, a dozen houses were wrecked by a cyclone and fourteen persons were hurt, two of them fatally.

Fredonia, Kan., had a similar experience and a man and a boy were killed and other persons badly injured.

Dubuque, Iowa, was swept by a rain storm and Greenville, Pa., was deluged by a cloudburst, the same afternoon.

The State Medical Society.

The Kentucky State Medical Society will hold its thirty-fifth annual meeting at Henderson this week, beginning May 14. Dr. John A. Ouchterlony, of Louisville, is President. A very lengthy and interesting program has been prepared, and many papers of much interest to the profession will be read. Dr. Andrew Seagrout, of this city, will on the 16th read a paper on the "Management of Abortion," which will be discussed by Drs. W. W. Cleaver, W. W. Coleman and J. O. McElroy.

Dry Victories.

Hopkins county was carried for prohibition Saturday by 421 majority. Earlington, Morton's, Hinson, Crabtree, Dalton and St. Charles gave prohibition majorities aggregating 613 votes and White Plains, Nortonville, Madisonville, Nebo, Charleston and Dawson, went wet by majorities footing up 289. The county has been dry for several years.

On the same day Caldwell county had a hot fight which was also won by the cold water crowd by 150 majority. The vote in Princeton was large and very close. Robt. Lander, the colored lawyer of this city, was one of the prohibition speakers who stumped Caldwell county.

Methodist Conference.

The eleventh session of the General Conference of the Methodist Episcopal Church, South, convened at St. Louis last Wednesday, May 7. The first session of the General Conference of this church met in Petersburg, Va., May 1, 1846. That first conference was composed of eighty-seven delegates, representing 2,833 local preachers and a church membership of 455,217. Then there were only two bishops in the church. That was forty-four years ago. Now the General Conference is composed of 293 delegates, has eight bishops and represents a membership of nearly 1,200,000.

Rev. J. W. Lewis, of this city, is in attendance. The session will last about a month.

Gratifying to All.

The high position attained and the universal acceptance and approval of the pleasant liquid fruit remedy Syrup of Figs, as the most excellent of the qualities on which its value is based, are abundantly gratifying to the California Fig Syrup Company.

Mrs. Nellie Marshall McAfee delivered her carefully prepared lecture on "Is Marriage a Failure?" at the Opera House Thursday evening. Her audience was not large but was a very refined and appreciative one and gave her the closest and most respectful attention. Mrs. McAfee speaks with the grace and accent of the gifted elocutionist. She comes of a long line of orators and right well does she sustain the reputation of her family for eloquence and brain power. She takes the position that marriage is not a failure and that a happy matrimonial alliance should be the highest aim of the true woman. Her arguments are from a sentimental rather than a reasoning standpoint, but she presents in a very lucid and forceful manner the popular side of this much discussed question.

For bracing up the nerves, purifying the blood and curing sick headache and dyspepsia, there is nothing equal to Hood's Sarsaparilla.

TOBACCO NEWS.

Sale of 36 hids. tobacco by Wheeler, Mills & Co., May 7, 1890:

27 hids. medium to low leaf, \$3 50 to 8 00.

8 hids. lugs, \$1 10 to 2 55.

1 hid. rotten trash, 65c.

The market was decidedly stronger and higher. Good sound leaf brought better prices than any week for twelve months. The approach of the time for letting the regie contracts May 31 and June 6, is as usual strengthening prices for a basis on which bids are to be based. We consider the next three weeks the most favorable time in which to sell and strongly advise our friends to do so.

The Spring Medicine.

The popularity which Hood's Sarsaparilla has gained as a spring medicine is wonderful. It possesses just those elements of health-giving, blood-purifying and appetite-restoring which everybody seems to need at this season. Do not continue in a dull, tired, unsatisfactory condition when you may be so much benefited by Hood's Sarsaparilla. It purifies the blood and makes the weak strong.
